Total Cost Solution

Introducing SW SmartShield Price Protection

Reduce Waste, Lower Costs

SW's EcoTek gloves reduce waste without compromising performance, offering durability for extended use. Committed to sustainability, SW minimizes resource consumption, supports zero-waste initiatives, and promotes responsible recycling. While classified as single-use, EcoTek gloves can be safely disinfected and reused under proper conditions and recycled to further reduce environmental impact.

Quality, Brand, and Sustainability

- **99% fill rate** ensures a stable supply chain with minimal disruptions.
- **Stable pricing** protects your budget from market fluctuations.
- **SW Smart Shield Protection** locks in pricing when raw material costs rise and allows savings when prices drop.

Measure Your Sustainability Impact with EcoTrack

Track your sustainability efforts with **EcoTrack**, a tool that monitors waste reduction and environmental benefits from using our EcoTek gloves. Stay informed and make data-driven decisions to support your green initiatives.

The Numbers Speak for Themselves

A small savings can make a big impact. If you spend \$250K annually on gloves, a 5% savings with SW's durable gloves means \$12,500 back in your budget—without compromising quality, protection, or efficiency.

**\$250K → 5% Savings Means
\$12,500 Back In Your Budget**

Your Partner in Smarter Solutions

At SW, we help you spend less, reduce waste, and build a more sustainable future.
